Details of SSC Examination Validation

Special character's are allowed in (, . / ; : ' "- & # ())

exam_code : Excel file name based on exam short code and the year e.g: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023,phase_ix_h2023,phase_ix_g2023, etc...)

Know Your Application Status

Filename should contain only the following format are

Extension	File Name
.xls or .xlsx	cgle_2023_kyas
	si_2023_kyas
	SelectionPost_IX_2023_kyas_Graduate
	SelectionPost_IX_2023_kyas_Higher
	SelectionPost_IX_2023_kyas_Matriculation
	steno_2023_kyas
	mts_2023_kyas
	chsle_2023_kyas, etc...

Column Name	Validations
reg_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 11 digit only ✓ Numbers only allowed ✓ Should not allow duplicate register number
exam_code	✓ Column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023, phase_ix_h2023,phase_ix_g2023, etc...)**
dob	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should not be less than or greater than 10 characters ✓ Check dob format should be dd-MM-yyyy **e.g.: (04-06-1989)**

	✓ Less than current date
cand_name	✓ Column not exists in excel file ✓ Should not be null
new_name	✓ Column not exists in excel file
father_name	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
mother_name	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
category	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters not are allowed
present_address	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain valid present address
present_district	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
present_state	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
present_pincode	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should not be less than or greater than 6 digit ✓ Should contain 6 digit only
status_accept_reject	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain only the following format e.g.: (ACCEPTED or REJECTED) or (Accepted or Rejected) or (accepted or rejected)
emailid	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain valid emailid
mobile_number	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should not be less than or greater than 10 digit ✓ Should contain valid mobile_number
gender	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
photo_id	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ The extension of the photo id should be jpeg or JPEG or jpg or JPG or png or PNG ✓ The **photo_id** value should contain **reg_no** with **P.jpeg** **e.g.: (10003099766P.jpeg)**
sign_id	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null

| | ✓ The extension of the sign id should be jpeg or JPEG or jpg or JPG or png or PNG |
| | ✓ The **sign_id** value should contain **reg_no** with **S.jpeg** **e.g.: (10003099766S.jpeg)** |

Tier-1 to Tier-6

Filename should contain only the following format are

Extension	File Type	File Name
.xls or .xlsx	Tier1	cgle_2023_tier1, cgle_2023_tier_1 and cgle_2023_tier_1(we)
		si_2023_ tier1, si_2023_tier_1 and si_2023_tier_1(we)

Column Name	Validations
Validation for Tier 1 to Tier 6	
ac_main_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
ac_sub_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
reg_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 11 digit only ✓ Numbers only allowed ✓ Should not allow duplicate register number
roll_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 10 digit only ✓ Numbers only allowed ✓ Should not allow duplicate roll number
password_for_examination	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 8 digit only ✓ Numbers only allowed
post_preference	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
repotime_admit1	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed

gateclose_admit1	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
repotime_admit2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
gateclose_admit2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
venue1_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
venue1_address	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
paper1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
Validation for Tier 1	
subject1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc…)**
mark1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc…)** ✓ The count of subject and marks count should be equal
subject2	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc…)**
mark2	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc…)** ✓ The count of subject and marks count should be equal
subject3	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc…)**
mark3	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc…)**

	✓ The count of subject and marks count should be equal
subject4	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc...)**
mark4	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc...)** ✓ The count of subject and marks count should be equal
subject5	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc...)**
mark5	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc...)** ✓ The count of subject and marks count should be equal
subject6	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the subject1 names should be separated using comma ✓ **e.g.: (A. General Awareness, B. Quantitative Aptitude, etc...)**
mark6	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ All the mark1 values should be separated using comma **e.g.: (50, 50, etc...)** ✓ The count of subject and marks count should be equal
Validation for Tier 2 to Tier 6	
subject1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
mark1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Should contain digit only
subject2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
mark2	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null

	✓ Special characters are not allowed ✓ Should contain digit only
subject3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
mark3	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Should contain digit only
subject4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
mark4	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Should contain digit only
subject5	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
mark5	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Should contain digit only
subject6	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
mark6	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed ✓ Should contain digit only
Validation for Tier 1 to Tier 6	
date1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Less than or greater than 10 characters ✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)** ✓ Greater than current date
shift1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
time1	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
report_p1	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
gateclose_p1	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
paper2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
date2	✓ Column name is case sensitive or column not exists in excel file ✓ Less than or greater than 10 characters

	✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)** ✓ Greater than current date
shift2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
time2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
report_p2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
gateclose_p2	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
paper3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
date3	✓ Column name is case sensitive or column not exists in excel file ✓ Less than or greater than 10 characters ✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)** ✓ Greater than current date
shift3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
time3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
report_p3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
gateclose_p3	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
paper4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
date4	✓ Column name is case sensitive or column not exists in excel file ✓ Less than or greater than 10 characters ✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)** ✓ Greater than current date
shift4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
time4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
report_p4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
gateclose_p4	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
paper5	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed
date5	✓ Column name is case sensitive or column not exists in excel file ✓ Less than or greater than 10 characters ✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)** ✓ Greater than current date
shift5	✓ Column name is case sensitive or column not exists in excel file ✓ Special characters are not allowed

time5	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
report_p5	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
gateclose_p5	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
paper6	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
date6	✓ Column name is case sensitive or column not exists in excel file
	✓ Less than or greater than 10 characters
	✓ Check date1 format should be dd-MM-yyyy **e.g.: (04-06-1989)**
	✓ Greater than current date
shift6	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
time6	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
report_p6	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
gateclose_p6	✓ Column name is case sensitive or column not exists in excel file
	✓ Special characters are not allowed
updated_on	✓ Column name is case sensitive or column not exists in excel file
ipaddress	✓ Column name is case sensitive or column not exists in excel file
exam_city	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Special characters are not allowed
ac_printed	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Should contain 1 digit only
	✓ Default value is 0
tier_id	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Should contain 1 digit only
	✓ The value of the tier id in the given excel sheet should match with tier id mention in the file name
exam_code	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Special character are not allowed
	✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023, phase_ix_h2023,phase_ix_g2023, etc…)**

PHYSICAL ENDURANCE TEST

Filename should contain only the following format are

Extension	File Name
.xls or .xlsx	si_2023_pet_3

Column Name	Validations
ac_main_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
ac_sub_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
reg_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 11 digit only ✓ Numbers only allowed ✓ Should not allow duplicate register number
roll_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 10 digit only ✓ Numbers only allowed ✓ Should not allow duplicate roll number
ticket_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
pet_date	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Less than or greater than 10 characters ✓ Check pet_date format should be dd-MM-yyyy e.g. : (04-06-1989) ✓ Greater than current date
post_preference	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
repotime	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
pet_venue	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
updated_on	✓ Column name is case sensitive or column not exists in excel file
ipaddress	✓ Column name is case sensitive or column not exists in excel file
ac_printed	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only

	✓ Default value is 0
tier_id	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ The value of the tier id in the given excel sheet should match with tier id mention in the file name
exam_code	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Special character not allowed
	✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023,phase_ix_h2023,phase_ix_g2023, etc...)**

Detailed Medical examination

Filename should contain only the following format are

Extension	File Name
.xls or .xlsx	si_2023_dme_4

Column Name	Validations
ac_main_title	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
ac_sub_title	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
reg_no	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Should contain 11 digit only
	✓ Numbers only allowed
	✓ Should not allow duplicate register number
roll_no	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Should contain 10 digit only
	✓ Numbers only allowed
	✓ Should not allow duplicate roll number
ticket_no	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Special characters are not allowed
date_of_dme	✓ Column name is case sensitive or column not exists in excel file
	✓ Should not be null
	✓ Less than or greater than 10 characters
	✓ Check date_of_dme format should be dd-MM-yyyy **e.g.: (04-06-1989)**
	✓ Greater than current date

repotime	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
dme_venue	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special characters are not allowed
updated_on	✓ Column name is case sensitive or column not exists in excel file
ipaddress	✓ Column name is case sensitive or column not exists in excel file
ac_printed	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ Default value is 0
tier_id	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ The value of the tier id in the given excel sheet should match with tier id mention in the file name
exam_code	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character not allowed ✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023,phase_ix_h2023,phase_ix_g2023, etc...)**

Skill Test

Filename should contain only the following format are

Extension	File Name
.xls or .xlsx	si_2023_skill_5

Column Name	Validations
ac_main_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
ac_sub_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
reg_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 11 digit only ✓ Numbers only allowed

	✓ Should not allow duplicate register number
roll_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 10 digit only ✓ Numbers only allowed ✓ Should not allow duplicate roll number
skill_test_medium	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
password_for_examination	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 8 digit only ✓ Numbers only allowed
venue1_title	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
venue1_address	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
skill_test_date	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Less than or greater than 10 characters ✓ Check skill_test_date format should be dd-MM-yyyy **e.g .: (04-06-1989)** ✓ Greater than current date
skill1_test	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
skill1_shift	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed

skill1_entry_closing_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
skill1_exam_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
skill2_test	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
skill2_shift	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
skill2_reporting_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
skill2_entry_closing_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null

	✓ Special character are not allowed
skill2_exam_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
exam_city	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
updated_on	✓ Column name is case sensitive or column not exists in excel file
ipaddress	✓ Column name is case sensitive or column not exists in excel file
ac_printed	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ Default value is 0
tier_id	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ The value of the tier id in the given excel sheet should match with tier id mention in the file name
exam_code	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character not allowed ✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023,phase_ix_h2023,phase_ix_g2023, etc…)**

Document Verification

Filename should contain only the following format are

Extension	File Name
.xls or .xlsx	si_2023_dme_4

Column Name	Validations
file_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
file_dated	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Less than or greater than 10 characters ✓ Check file_dated format should be dd-MM-yyyy **e.g .: (04-06-1989)** ✓ Greater than current date
dv_subject_content	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null

reg_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 11 digit only ✓ Numbers only allowed ✓ Should not allow duplicate register number
roll_no	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 10 digit only ✓ Numbers only allowed ✓ Should not allow duplicate roll number
post_preference	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
dv_date	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Less than or greater than 10 characters ✓ Check dv_date format should be dd-MM-yyyy **e.g. : (04-06-1989)** ✓ Greater than current date
dv_batch_number	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain numbers or roman numerals only **e.g.: (1,2,3,etc… or I,II,III,etc…)**
dv_reporting_time	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character are not allowed
dv_venue	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null
updated_on	✓ Column name is case sensitive or column not exists in excel file
ipaddress	✓ Column name is case sensitive or column not exists in excel file
ac_printed	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ Default value is 0
tier_id	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Should contain 1 digit only ✓ The value of the tier id in the given excel sheet should match with tier id mention in the file name
exam_code	✓ Column name is case sensitive or column not exists in excel file ✓ Should not be null ✓ Special character not allowed ✓ Excel file name based on exam short code and the year **e.g.: (cgle2023,si2023,steno2023,mts2023,chsl2023,phase_ix_m2023,phase_ix_h2023 ,phase_ix_g2023, etc…)**
